7a. WALTER

Hi there,

I am Emilio, a Systems Engineer with 10+ years building full-stack products and AI-powered automation. I run Ranuk IT Solutions, architecting agentic AI platforms that orchestrate LLMs with real-world tool integrations.

My stack: Python/Java backend, React/TypeScript frontend. Production systems with LLM orchestration, agent-tool bridges, RBAC, AWS/GCP deployments. AWS Certified. ETL pipelines, ML models (Booking.com), trading automation.

Argentina (UTC-3), EST/CET compatible. Available immediately.

Best, Emilio Ranucoli

7b. Sticker Mule

Hi Sticker Mule team,

I am Emilio, a senior full-stack engineer with 10+ years building production systems. Sticker Mule stands out because you combine software, manufacturing, and AI into one stack - profitably, without investors.

I built AI-first products from zero: agentic systems with 15+ tool integrations, crypto trading bots with real-time data, ETL pipelines for millions of records. Stack: Python/TypeScript/React/PostgreSQL.

Small autonomous teams, ship fast, craft-focused. Netherlands/Argentina, fully remote.

Cheers, Emilio Ranucoli

7c. Composio

Hi Composio team,

Composio resonates deeply with my work. I created an AI agent platform that orchestrates agents to communicate with external tools through unified APIs - exactly your infrastructure.

Zero to production: AI job matching (Flask + NLP + scraping), crypto dashboards, agentic system with 15+ connectors. AI-native: building with and for LLMs daily.

TypeScript fluent, Python expert. Netherlands, fully remote.

Best, Emilio Ranucoli

7d. Sprypoint

Hi Sprypoint team,

I am Emilio, a Systems Engineer with 10+ years in cloud infrastructure and Python automation. Your DevOps III role is exactly the high-impact migration work I thrive on.

AWS Certified with Python automation, Docker/Kubernetes, CI/CD pipelines. Managed 24/7 cloud infrastructure for trading systems. Built ETL pipelines processing millions of records.

Passionate about IaC and Well-Architected Framework. Argentina, fully remote.

Best, Emilio Ranucoli

7e. Caul Group

Hi Caul Group team,

I am Emilio, an AI automation specialist based in Argentina. Your Director of Revenue Systems role is a perfect match.

I specialize in: Claude/GPT prompt systems, CRM integrations, Zapier/Make automations, data pipelines, dashboards. I have built production automation infrastructure for multiple businesses.

As a LATAM-based engineer with deep AI automation experience, I can hit the ground running. Available for contract immediately.
